Principal's Message

Another fantastic year at Edith Rogers School has drawn to a close. Edith Rogers is truly an amazing and vibrant school. It is a school full of students and staff who care. This was evident in all the events the students were involved in this year to help others. Students raised money for charity by selling chocolate almonds; we donated tons of items to the Food Bank; and made Birthday Boxes for charity. This year marked the beginning of us becoming a Leader in Me school. Students learned about the 7 Habits of Highly Effective Teens and many contributed their time and effort in several service areas in our school. How wonderful it was to see so many students in leadership roles. Our ER students did a fantastic job of organizing many of our fun events from 80s and Pajama day to our annual Multi-Cultural Celebration and Talent Show. Students helped out in the library, with announcements, school council, the computer lab, and so many other areas in the school. Because of our students' ability to be great leaders, we hosted our first ever Student-Led Conferences. What a delight to observe our students showing their work samples to parents. This year, our students took a significant step in understanding how to take charge of their own learning. There are so many more examples of the amazing achievements of our students this year. We have so many dedicated, hard-working individuals who strive for success at ER. Students, I speak on behalf of all the staff when I say how proud we are of your achievements. As you journey on, remember to believe in yourself and believe in others. Discover new things and live in possibility. Best wishes to you all for a bright, fulfilling, and joyous future!

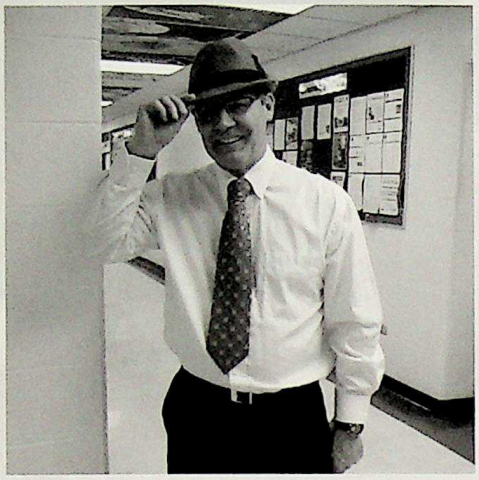
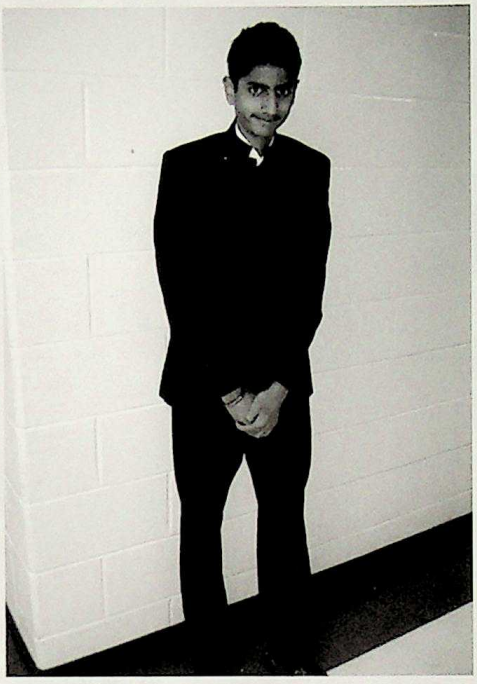
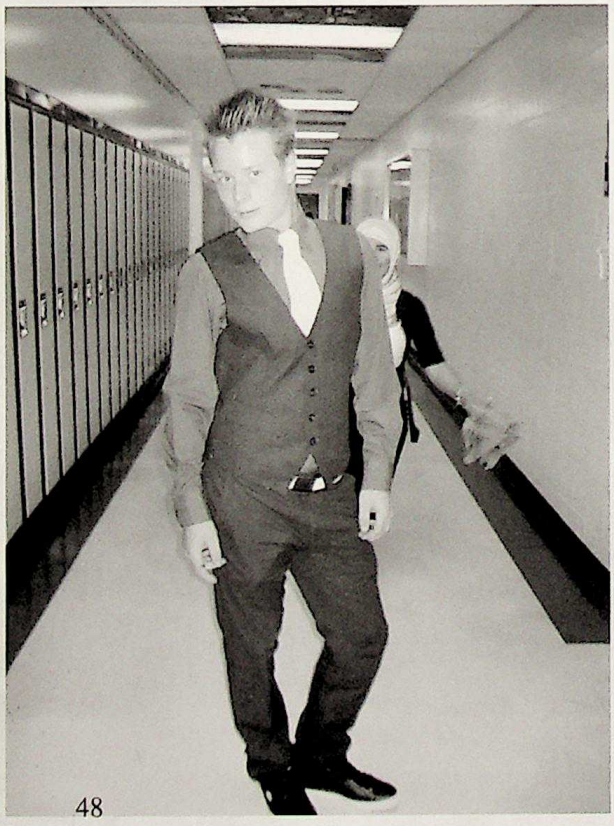
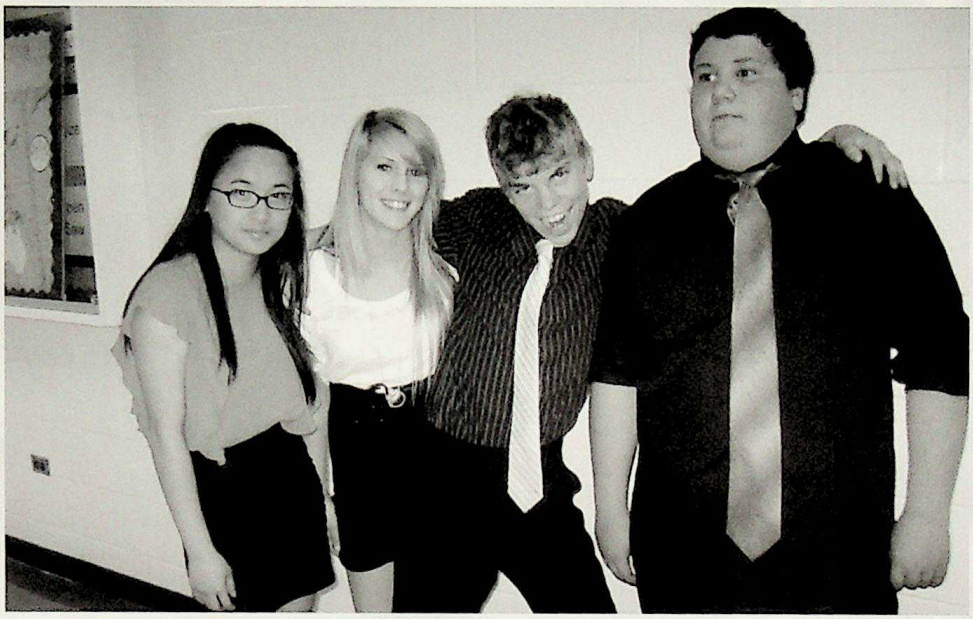
Touch of Class Day







Grade 9 Dance



Valedictorian

Mrs. Loken, Mr.G, parents, teachers, honored guests, and fellow students. Our journey through adolescence to present-day teenagers has all happened here at Edith Rogers. And now we must say goodbye to the place that has nurtured us, becoming a part of who we are, that will most likely stay with you forever. This night is filled with sorrow and joy. The joy of entering a new chapter of our lives, but the sorrow of parting with friends, and frightened of what the future has in store for us.

Our times at Edith Rogers were, to say the least, hectic and most of the time, a little out of hand. But our experience at this school, I have to say was one I would think back to and say, "What was I thinking?!" or " Thank goodness I did that!"

Do you remember the first day you walked into this school? Your thoughts and questions racing through your mind a mile a minute? "Where's the bathroom? How am I going to remember my schedule? Are the teachers nice or at the very least sane?" And now we sit here, after three years, confident and bright, thanks to the support and kindness of our teachers. The kindness to actually stand teaching us when we are acting like five-year-olds. With Mr. Hunts jokes and comments, Mrs. Vander Wells little debates, and Mrs. Oswin's stories that sound as though they have nothing to do with the lesson, but leave the class with the lesson stuck in your head.

And of course we should thank our parents, for the love and support they have given through the confusing and hormonal years. Because without them we would not be where and who we are today.

And finally, I wish you luck, Through the years of high school and onwards. I leave you with this quote; Do not dwell in the past, do not dream of the future, concentrate the mind on the present moment. Thank you and farewell to you all.
--Sarah Hussein
